***C.A.Technologies introduces the latest addition to the CAT gun line - The COUGAR Air Assist Airless. Designed for fine finish spraying, the Cougar incorporates features that make for comfortable and professional operation. After reviewing the best and worst features of Kremlin, Binks, Graco etc... CAT has come up with a winner. Try this gun on your current AAA system or try it with our new C-14 pump and see what can be achieved in fine finish production spraying.***
