

Welcome to the C.A.T. Cliff Notes! The aim of this publication is to keep our distributor family "in the know" regarding additions, changes and updates to our expanding product line, as well as important service and maintenance information that may not be included in our standard literature. If you have any questions or concerns you would like to see covered in the Newsletter, don't hesitate to call us. Thanks for your support.

## New PEAK 14:1 Fine Finish Pump

The new C.A. Technologies 14:1 Peak Performance Series pump incorporates a new completely redesigned air motor that features a stationary magnet poised for endurance and longevity. Also, the solvent cup is now enclosed with an easy access lubrication port.

Part numbers and prices for the 14:1 pumps will remain the same.

## 10-165 14:1 Upgrade Kit

The 10-165 converts any existing CAT 14:1 AAA pump into the new and improved "PEAK" air motor design.

## 33-02XX Fine Finish Nozzles

In the up coming months, our 33-02XX fine finish series nozzles will be made out of 303 stainless steel with a new look and the same great performance.

## Discontinued Item: 52-43

The 52-43 will now be discontinued. The 52-42 venturi style air blower is still available.
